### ACHIEVEMENTS

💎 Proud to be one of the key player in generating revenues for the projects i worked till date.

I feel proud of my achievements because every organization have certain expectations on their employee to perform to their requirements, but i feel i have achieved more than expectations in whatever organization i have worked with.

### PASSIONS

💎 I'm passionate to be one of the leading people in the industry.

### STRENGTHS

💎 Ability to handle crunch situations and adapt to any environment.

I do acquire it by taking the task which is felt bit difficult to perform by my fellow colleagues, and identify what made to fee it is difficult to achieve and try to fix the issue.
