Career Summary

Recent BE Information Technology graduate with a passion for full-stack development and a strong foundation in web technologies. Eager to leverage my skills and enthusiasm to contribute to a high-performing team and learn from industry experts.

Skill Set

- HTML/CSS
- Java Script
- Node js
- Core Java
- JDBC
- JSP
- SQL(MySQL/Oracle)
- MongoDB
- API (HTTP/REST)
- Angular
- Ionic framework
- Spring MVC
- Spring Boot
- Hibernate
- Python
- GIT (GITHUB)

Achievements

- Awarded First Prize in College Project Exhibition
- Awarded First Prize in School Chess Competition

Soft Skills

- Communication
- Leadership
- Team Work
- Analytical Skill
- Problem Solving

Hobbies

- Playing Cricket, Chess
- Reading Manga
- Watching Anime

Career Objective

Entry level full stack developer seeking a dynamic role in a professional environment to apply my knowledge to drive organizational success.

Internship

Web Development Intern | 11/2023 to 01/2024 Intrainz Innovation Pvt. Ltd

- Worked on web development by creating & up-keeping websites in collaboration with other developers.
- Technologies Implementation: **HTML, CSS, JavaScript & Bootstrap.**

Projects

Hotel Management System (Angular, Spring Boot, MySQL)

- **Developed** a full-stack hotel management system to solidify my understanding of front-end development, back-end development, and database management. Leveraged Angular to create a user-friendly front-end and Spring Boot for a robust back-end.
- **Focused on** building essential functionalities for efficient hotel operations management, such as room booking, guest management.
- **Implemented RESTful APIs** to facilitate smooth data exchange between the front-end and back-end, ensuring a responsive user experience.
- **Optimized system performance** through strategic coding practices to handle potential user growth and data volume.

TiffinGo: Food Delivery Web and Mobile Application

- **Utilized** JavaScript, Ionic, and Angular to build cross-platform mobile apps.
- **Installed** and used Node.js, Ionic CLI, and Angular CLI to build and make changes to the mobile app.
- **Worked** with MySQL database, creating and assigning users, and integrating it with the admin panel.
- **Applied** basic understanding of HTML and CSS3 in building the web application.
- **Effectively** communicated with team members throughout the project.

Tweet Guard: Fraud Detection (Python, Machine Learning)

- **Developed** Tweet Guard in college (12/22-05/23) Led a Python-based project to combat fraud on Twitter. Implemented **ML algorithms**, fine-tuned parameters, and led data collection. Contributed to high-impact results through teamwork and expertise.
- **Data-Driven Approach:** Spearheaded data collection and pre-processing to ensure high-quality training data for the models, leading to more accurate and effective fraud detection on Twitter.

Education & Certificates

Full Stack Development-Java Plus Course (NSDC Certified)

700+ hours Training on Full Stack Developer
Seed Infotech private limited, Pune | 07/2023 - 02/ 2024
Grade: A

BE-Information Technology

Pravara Rural Engineering College, Pune University | 08/2019 - 06/2023
CGPA: 7.95
